Explanatory notes:

- A. Property, plant and equipment increased due to adjustments arising from the completion of a valuation (“**Valuation**”) on the land and warehouse building in Brazil (“**Property**”) purchased by the Company’s subsidiary, UGHC Brasil Importadora Ltda during FY2019. In the Unaudited Results, the Property was recorded at a fair value of BRL15.0 million (approximately S\$5.2 million). Subsequent to the Valuation, which was completed after the release of the Unaudited Results, the fair value of the Property was valued at BRL16.9 million (approximately S\$5.9 million).
- B. Reclassification of S\$1,591,000 from trade and other receivables to income tax assets.
- C. Non-controlling interest increased due to same reason mentioned in Note A. The variance between the consideration of the Property amounting to BRL10.3 million (approximately S\$3.5 million) as stated in the Company’s announcement dated 8 October 2019 and the fair value of the Property determined by the Valuation is recognised as capital contribution from non-controlling interests.
- D. Deferred tax liabilities increased due to the acquisition of the Property mentioned in Note A which gave rise to a temporary taxable timing difference at Brazil’s income tax rate of 34%.
- E. Long-term borrowings decreased due to an overstatement of borrowings in the Unaudited Results which include interest cost.
- F. The net cash used in operating activities increased mainly due to reclassification of formers (glove moulds) under inventories to property, plant and equipment.
- G. The net cash used in investing activities decreased due to reason stated in Note F.
